

Coupon Starts/Expands My Family

Receive a Free Initial Consultation Compliments of Acupuncture Plus (Treatment not covered)

I understand with this coupon I will receive a **FREE-Initial Consultation**, as Compliments of Acupuncture Plus. It's totally free and there are no strings attached.

I will come in to your office and talk with perhaps the most experienced fertility acupuncture expert, Guoen Wang. He will tell me about how to start or expand my family, with time-tested acupuncture and herbal medicine, with minimum cost of time, money and inconvenience.

Because acupuncture and herbal medicine are new to me, so Guoen Wang will take his time, to explain to me how does Chinese medicine work, and he will answer all my questions kindly and truthfully.

I do understand this coupon does not cover the treatment itself, should I decide to get one.

I should be prepared to be at your office for 45 to 75 minutes depending on, if I decide to have a treatment.

I will tell your receptionist, when I make my appointment, I want my **FREE** consultation, so that your receptionist can schedule it for me.

I will print this coupon and bring it with me.

I understand:

- The initial consultation is **FREE**.
- **It does not cover the treatment itself.**
- If I decide to have a treatment, with this coupon, I am getting a **\$20 off** for my acupuncture treatment.

I will present this coupon to your front desk receptionist, and I am ready to enjoy the above benefit.

I appreciate your courtesy, and I look forward to starting my family in a healthy and natural way.

Your office is located across street from U.S. Post office on Jollyville Road, very next to the Sonic.

It is in a 2-story-tan-brick building with parking underneath.
